- Seating furniture come standard with cup holders in both arms, but can be ordered without. All dining furniture & Echo Deck Chairs come standard with no cupholders, but can be ordered with at no charge.
- Stainless swing chains have an 800 lb. rating.
- All 4' and 5' swings, gliders, and benches have heavy-duty aluminum frames underneath to eliminate bowing.
- All tabletops with one side longer than 30" have heavy-duty aluminum angles for stiffener supports.

Warranty

PonVue Creations LLC warrants to the original purchaser that its polyethylene lawn furniture & swingsets will be free of original defects in workmanship and materials for a period of twenty (20) years of residential use starting on date of purchase. Polyethylene lawn furniture is warranted for five (5) years of commercial use starting on date of purchase. Swingsets are not rated for commercial use. At its option, PonVue Creations LLC will repair or replace this product without charge for materials and labor, providing our inspection indicates that an original defect exists. Stainless steel fasteners are warranted not to fail structurally for the applicable warranty period. Stainless steel may rust in certain extreme conditions (such as coastal areas) if not maintained properly. This warranty does not cover rusting fasteners or structural failure due to rusting fasteners, damage caused by unauthorized service or repair, alteration of this product, abuse or misuse, normal wear and tear on materials or any attempt to use the product in a manner or for a purpose other than for which it is customarily intended. The sole remedy provided in this warranty is repair or replacement of this product. PonVue Creations LLC does not pay shipping fees to replace the product.

Upholstery Care and Cleaning

One of the best ways to keep Sunbrella® fabrics looking good is to brush off dirt and debris before it becomes embedded in the fabric and to address messes and spills soon after they occur. The quicker you clean spills, the easier they can be to remove.

Try This First - with a new spill on your fabric

- Blot (don't rub) liquid spills with a clean, dry cloth.
- For oil based spills, apply an absorbent such as corn starch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap and water or use Sunbrella Clean™ Multi-Purpose Fabric Cleaner.
- Rinse the fabric thoroughly to remove all soap residue.
- Air dry.

Try This Next

If your first try doesn't get the spill completely out.

Though fabrics can be used both outdoors and in, your cleaning methods should differ slightly based on the fabrication and manufacturing of the furniture. We recommend using the appropriate cleaning instructions for your application.

Outdoor Upholstery

Cleaning Removable Fabric

Hand Washing

Soak fabric in a solution of 1/4 cup mild soap per gallon of lukewarm water. Use a sponge or very soft bristle brush to lightly agitate the spill. Then rinse thoroughly to remove all soap residue and allow fabric to air dry.

Machine Washing

Some removable casings can be washed in the washing machine, however consult the furniture manufacturer before removing the casing as cushion construction may vary. To wash, first close all zippers. Machine wash in cold water on the delicate cycle with normal amounts of mild laundry detergent. For severe mold or mildew, add 1 cup of bleach. Allow fabric to air dry.

Cleaning Non-Removable Fabric

Prepare a solution of 1/4 cup mild soap per gallon of lukewarm water. Use a soft bristle brush to clean, allowing the cleaning solution to soak into the fabric. Rinse thoroughly to remove all soap residue and allow fabric to air dry. For best results when cleaning upholstered pieces, clean the entire surface area of the fabric, from seam to seam, instead of rubbing the fabric in a circular motion on the spill. This method, along with an extractor, may be required in order to avoid water rings and residue. We recommend Sunbrella Clean Multi-Purpose Fabric Cleaner or an upholstery cleaner such as 303® Multi-Surface Cleaner.

Oil Based Stains

If a stubborn oil based stain persists after cleaning, use Sunbrella Extract™ Oil Based Stain Remover or treat with a strong degreaser and rinse thoroughly.

Mold and Mildew

Sunbrella fabrics do not promote mildew growth, however, mildew may grow on dirt and other foreign substances if not removed from the fabric. To remove mold or mildew.

- Prepare a solution of 1 cup of bleach and 1/4 cup mild soap per gallon of water.
- Spray on entire area and allow to soak into the fabric for 15 minutes.
- Clean entire surface area with a sponge, clean towel or very soft bristle brush.
- Rinse thoroughly to remove all soap residue.
- Air dry.

For severe mold/mildew growth, bleach quantities may be increased.

We recommend using Sunbrella Clean Multi-Purpose Fabric Cleaner followed by a diluted bleach solution.

Specific information on cleaning all upholstery is available at sunbrella.com/cleaning-guide.
