Amish-Crafted Gazebos, Pergolas, Pavilions, & EZ Shades

Pavilions Pg 60

Pergolas Pg 28

Gazebos Pg 06

EZ Shades Pg 92

Welcome to Beauty & Strength.

We take pride in the craftsmanship we put into every one of our gazebos, pergolas and pavilions. This pride comes from a long line of quality craftsmen who work on our team. Many of our team members grew up on Amish farms, where they learned the value of hard work, dedication, and paying close attention to every detail.

We have over 30 years experience in custom designing each of our gazebos, pergolas and pavilions to our customer's specifications. Our structures are created to be extremely durable and with proper maintenance, can last a lifetime.

Our goal is to create outdoor spaces where you can enjoy many moments with family and friends. Thank you to everyone who has taken the time to tell us how much joy and relaxation you have gotten from our structures.

We have included many photos from our customers in this brochure for everyone to enjoy and be inspired. So from all of us...

Thank You!

TOP LEFT The roofs of our structures utilize tongue-and-groove boards and can be outfitted to support lights or fans.

BOTTOM LEFT 12x20 Vinyl A-Frame Pavilion with 6"x6" posts, & Asphalt Shingles

TOP RIGHT Our Grand Estate Pavilions have a specialized cupola designed to match the structure.

MIDDLE RIGHT Composite flooring is available for all our vinyl and wood gazebos.

BOTTOM RIGHT Electrical packages can be added to all of our structures.

GAZEBOS

From coast to coast, wood and vinyl gazebos grace village greens, the backyards of country farmhouses, and the gardens of grand estates. They remind us of a simpler time – an era when we enjoyed the pleasures of life more and worried a lot less.

12' VINYL OCTAGON

VINYL

OCTAGON GAZEBOS

Our standard vinyl gazebos are made of pressure-treated southern yellow pine covered with vinyl. Our heavy-duty floor consists of double 2×6 joists and 1" thick maintenance-free composite decking boards. The posts are constructed of a white vinyl 4×4 sleeve with a solid wood core, they support 36" high rails as standard. They come with arched corner braces and 6" top spindles. The roof is built with double 2×4 rafters and sheeted with beautiful 1×6 tongue & groove boards covered with roofing paper and architectural asphalt shingles.

WOOD

OCTAGON GAZEBOS

Our standard wood gazebos are made of pressure-treated southern yellow pine. Our heavy-duty floor consists of double 2×6 joists and solid 2×6 wood decking boards. The 4×4 posts are laminated as standard, and support 36" high hand railings. They come with arched corner braces and 6" top spindles. The roof is built with double 2×4 rafters, and sheeted with beautiful 1×6 tongue & groove boards, covered with roofing paper and architectural asphalt shingles. This all means you get a wood gazebo that is durable and will provide you with years of enjoyment.

Gazebo Design Options Pg. 22-27

Sizes, Posts, Railings, Braces, Colors, Screens & Windows, Flooring & Decking, Roofing, & Accessories

LEFT (2"x8" Top Plate) The compression ring ties the rafters and posts of your gazebo together for additional snow load capacity and wind resistances.

RIGHT (Double 2"x6" Floor Joists) Helps prevent warping of joists and popping of floorboards. They allow for a better straight down fastening of the floorboard, giving your deck a stronger, longer lasting life.

WOOD

RECTANGLE GAZEBOS

The best-kept secret to gazebo ownership is year-round enjoyment. Don't walk away from your gazebo when summer ends.

Watch the leaves fall with a warm mug of apple cider on a crisp autumn day. Surround yourself by nature and rejuvenate your spirit. Take a mini-vacation right when you need it most of all from the comfort of your gazebo. Add a screen package and enjoy your gazebo all year long and keep out those pesky bugs.

TRADITIONAL PERGOLAS

Our standard Traditional Wood Pergolas include unstained pressure-treated Southern Yellow Pine, solid laminated 5x5 posts with decorative post skirts, solid 2x6 joists span the shorter side & 2x4 purlins span the longer side, both with scalloped ends and notched intersections to resist warping. We add heavy-duty double 2x6 headers with braces for rigidity, and anchor brackets for concrete pads and wood decks.

VINYL

VISTA PERGOLAS

Our Vinyl Vista Pergolas come standard with 8x8 posts and decorative post skirts. The support structure is constructed of pressure-treated pine and wrapped in cellular PVC and vinyl sleeves for a clean modern look. At the top of the posts you will find large powder-coated brackets to enhance lateral strength and rigidity. The large headers offer wide spans for an unobstructed view. The joists are hung from the headers with powder-coated brackets for a low-profile look while maintaining the traditional pergola look and feel. Finishing off the top are the 1x3 purlins, spaced to maximize shade while also allowing the sky to show through. This modern looking pergola will fit perfectly into your modern backyard oasis.

VINYL

HAMPTON PAVILIONS

Our Hampton Pavilions are made from #1 grade treated Southern Yellow Pine which is wrapped in high quality vinyl. The Hampton comes standard with attractive 10" tapered columns with solid wood posts inside. The posts come with powder-coated anchor brackets at the base of each column to attach directly onto your concrete pad or a wood deck. Our decorative post trim covers all the connections for a clean appearance. The arched headers add charisma and are designed to support heavy roof loads, and resist high winds. The headers are trimmed with our decorative dental molding and feature a 12" roof overhang. The ceiling is made of beautiful 1x6 tongue and groove boards, stained mahogany for a rich appearance. The steeper 7.5/12 roof pitch adds character and is constructed with double main rafters and covered with architectural asphalt shingles. Our Hampton Pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads.

WOOD

ALPINE PAVILIONS

Our Alpine Pavilions are made from Western Red Cedar with Southern Yellow Pine under the roof. All boards are hand-selected for the best possible appearance. The wood is finished with one of our standard colors. The 8x8 posts are laminated and wrapped to resist warping and checking. The posts come with a black powder-coated bracket at each base to attach directly onto your concrete pad or wood deck, and are covered with a decorative skirt for a finished look. The 4x8 half-moon braces add beauty and lateral strength to resist high winds. The engineered 3-ply 6x8 headers are built to span up to 16' long without sagging. The roof is engineered with 2x6 rafters for structural integrity and comes with a 10/12 pitch on units 16' wide and smaller, and an 8/12 pitch on units 18' wide and larger. We use 1x6 pine tongue and groove boards for the ceiling, covered with architectural asphalt shingles. Our rectangle pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads. All this comes standard for a strong and beautiful structure.

Pavilion Design Options Pg. 88-91

VINYL

TRADITIONAL PAVILIONS

Our standard Vinyl Traditional Pavilions are made from #1 grade treated Southern Yellow Pine and covered in high quality vinyl. Our posts are built with a heavy-duty wooden 6x6 post, inserted into a low-maintenance vinyl sleeve. Each post comes with a powder-coated bracket at the base to attach directly onto your concrete pad or wood deck, and is covered with a decorative skirt for a finished look. The enhanced arched braces add the stability needed to resist high winds. Our decorative post trim covers all the connections for a clean appearance. Engineered headers are built with 4 ply 2x8s to span up to 18' long without sagging. The roof is engineered with double main rafters for structural integrity. We use beautiful 1x6 tongue and groove boards for the ceiling, stained mahogany. The roof comes with a 6/12 roof pitch and architectural asphalt shingles. Our rectangle pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads. All this comes standard on your Vinyl Pavilion.

VILLA PAVILIONS

The Villa Option is available with our Traditional Wood, Traditional Vinyl, and Hampton Pavilions. These Villas come standard with an unfinished interior perfect for storage or add the option of horizontal 1x6 T&G boards and a linoleum floor to create a back yard office or getaway. The finished interior option comes with a switch to control power to the ceiling and includes electrical receptacles spaced to meet code requirements.

All of our Villas are built strong to meet many of the codes required by local townships. The Villa includes one 15-lite single door.

Add optional windows to fit your needs. The windows and doors include insulated glass, trimmed with 1x3s for added elegance. The Vinyl Villa includes Dutch lap vinyl siding available in eight different colors. Our Wood Villas are available in either cedar or knotty pine siding. Add one of our many stain or paint options to match your home.

HOW TO ORDER

1. SELECT A PAVILION

Choose from any of our standard size wood or vinyl Traditional or Hampton pavilions.

2. SELECT A VILLA

Choose from any of our villas in pine or vinyl, and select a size that is smaller than the pavilion.

3. CHOOSE YOUR OPTIONS

Select the options or accessories you want to add to your villa from the list below.

ACCESSORIES

1X6 T&G Interior

Floor & Linoleum

EZ SHADES

Looking for extra sun coverage? We got you covered. Add an EZ Shade product to your outdoor structure and maximize your shaded space. Our manual, one-handed curtains and canopies can offer full coverage on a mid-sunny day. These curtains and canopies are made of durable, easy to clean fabric that's mildew and stain-resistant.

EZ SHADE CANOPY

Westfield Mushroom

EZ SHADE CANOPY
Burgundy, Black, & White

EZ SHADE

CANOPY SYSTEM

Consider adding this EZ Shade Canopy System to your new or existing pergola. This manually controlled canopy glides effortlessly across the triple track system to shade the entire area. You will find yourself using your patio more often when you can block out that hot mid-day sun, or mild rain. Bring this EZ Shade Canopy System to your backyard oasis.

Choose from one of our available stock colors shown to the right. Other Sunbrella fabrics are available for an additional fee.

LEFT (Manual Operation) Our EZ Shade Canopy glides smoothly for easy operation.

MIDDLE (Quality Materials) Made from stainless steel fasteners, powder-coated brackets, and Sunbrella fabric.

RIGHT (Full Coverage) Get out of the mid-day sun and enjoy your backyard patio.

EZ SHADE

CURTAIN SYSTEM

Consider adding this EZ Shade Curtain System to your new or existing pergola or pavilion. This manually-controlled curtain winds down effortlessly and glides down the double cable system to shade the entire area. When not in use the fabric stores inside a custom stained or vinyl box. You will find yourself using your patio more often when you can block out that glaring afternoon sun. The fabric is a dense screen material that has partial transparency. Bring this EZ Shade Curtain System to your backyard oasis.

Choose from one of our available stock colors shown to the right. Other Phifertex curtain fabrics are available for an additional fee.

LEFT (Full Coverage) Get out of the mid-day sun and enjoy your backyard patio.

MIDDLE (Manual Operation) Our EZ Shade Curtain is guided by stainless steel cables and lowered using an included hand crank.

RIGHT (Quality Materials) Made from stainless steel fasteners, powder-coated brackets, and Phifertex fabric.

AVAILABLE OPTIONS

ELECTRICAL PACKAGE

Your structure's electrical package will include 2 boxes (1 outdoor switch & 1 outdoor receptacle) mounted on a post. Each receptacle has two outlets. (15 amp)

This package also includes enough wire (14-2) to run from the base of the post to the top of the structure so you can add a light or ceiling fan. Some structures also include a strip with a routed out groove to conceal the wire on the post.

You will need to have a certified electrician make all connections inside the boxes and to your home.

*Pergola electrical packages include one extra receptacle mounted at the top of a post in lieu of extra wire for a roof.

Extra Receptacle

Add additional receptacles to fit your needs.

ENGINEERING DRAWINGS

Engineer drawings available for all Standard Amish-Crafted Gazebos, Pavilions, and most of our Pergolas. Ask your dealer or sales rep for more details.

Site Specific Engineer Certified & Sealed Plans available at additional Cost. Sealed drawings include 3 sets of plans & 2 sets of Calculation Packets.

Engineer drawings available for custom structures at an additional cost.

IMPORTANT NOTICE:

**Excludes custom Gazebos, Pavilions & Pergolas. Engineering is available for custom Structures at an additional cost. Contact your local Dealer for more details about custom projects.

DELIVERY & INSTALL

KITS & ASSEMBLY MANUALS

All structures come standard as a kit. Everything is included with the kit to install the gazebo, pergola, or pavilion, including the screws, hardware, and brackets. The kit also includes a copy of a step-by-step assembly manual for easy installation.

Proper foundation is required for all structure installations. Contact your local Dealer for questions.

EXPERT INSTALLATION

Need help? We got you covered. Our structures can be installed by our expert install crews nationwide. Our expert craftsman teams are skillfully trained and are able to build most of our structures in one day.

Contact your local dealer to see if installation is available in your area and to ensure the install site is ready for our team to arrive.

FULLY-ASSEMBLED (Gazebos only)

Our quality-built, fully-assembled gazebos are perfect for customers who wish to have their gazebo delivered in an easy-to-reach area. We will deliver your gazebo with gentle care and sensitivity to your landscape. For more difficult terrains, our gazebos are strong enough to be craned in.

Proper foundations are recommended for all Gazebo installations. Contact your local dealer for more details.
