LOFTED CABINS

Introducing the **Lofted Cabin**, a ready-made structure with a dual appeal: a generously spacious loft and a more budget friendly alternative compared to constructing a cabin onsite. Ideal for a cozy tiny house or a welcoming guest accommodation.

- *Generously Spacious Loft:* Perfect for a comfortable sleeping area or additional storage, the loft maximizes the use of vertical space.
- *Ready-Made Structure:* Our cabins come ready to be placed on your property, so you can start enjoying your new space right away.

Contact Your Local Dealer to Learn More and Schedule Your Delivery!

PAINT & STAIN OPTIONS

Discover a wide range of custom paint options for painted buildings at www.sherwin-williams.com. We can match any color you provide at no extra cost, ensuring your new building gets the perfect shade. All displayed stain colors are approximations of the actual shades. Lighting, texture, wood grain porosity, wood species, and the condition of previously stained surfaces can all affect the final color.

BUILDING DELIVERY

At Harmony Structures, we pride ourselves on providing exceptional service, starting with our hassle-free delivery options. Enjoy free delivery within 100 miles from our factory in Dunnegan, MO, and within 50 miles from any of our dealer locations.

Need your building delivered farther? No problem! We offer state-wide delivery and beyond for a nominal fee. Our rates are competitive and straightforward:

\$4.50 per mile for buildings up to 12'
\$8.50 per mile for buildings 14' and 16'

Whether you're near or far, Harmony Structures ensures your building arrives safely and promptly. Trust us to deliver excellence right to your doorstep.

ACTUAL SIZE OF BUILDINGS

A 16' building measures 15'3" at the bottom and up to 16' at eaves
A 14' building measures 14' at the bottom and up to 15' at eaves
A 12' building measures 11'4" at the bottom and up to 12' at eaves
A 10' building measures 10' at the bottom and up to 11' at eaves
An 8' building measures 8' at the bottom and up to 9' at eaves

PAD & BLOCKING

- We recommend a level gravel or concrete pad
- If the building is not set on a concrete pad, some settling may occur.
(We are not responsible if settling occurs.)
- Tie downs are recommended.
- Harmony Structures does not install tie downs.
- We are not responsible for tracks or ruts left in your yard after delivery.
- We have concrete blocks available at \$4.00 each.
- We can also use your blocks if close to building site.
- Blocking is needed every 8' per runner.

Cabins built by Harmony Structures at Mountain Creek Family Resort on the Niangua River.
