Hello!

We are LuxCraft, makers of fine outdoor products, and we're pleased to meet you!

Founded in 1990, LuxCraft began as a small business in the corner of a barn, exclusively manufacturing outdoor wood furniture. In the years that followed, as LuxCraft's product line expanded to include outdoor structures and poly furniture, our facilities and dealer base grew. Flash forward to present day, and you'll find our product being made in a 56,000-square-foot shop before being distributed to hundreds of dealers throughout the US and Canada.

Though LuxCraft is now operating on a much larger scale, employing 50 people instead of two, our core values remain the same. Each transaction is handled with integrity and focus on customer service. We build our products with emphasis on durability and longevity, then price accordingly. Best of all, LuxCraft products are made right here in America (Ohio to be exact). So your purchase not only improves your outdoor space, it boosts the economy as well.

The LuxCraft Difference

The difference is in the details. Learn more about what drives LuxCraft wood furniture to be the best.

Quality

Quality is our highest priority, and it shows in the furniture we handcraft for you. We're constantly reevaluating product designs to ensure you're receiving nothing but the best.

Customer Service

Our customer service and sales team is always on-hand to answer questions or assist with orders. We believe the key to good business is a personal relationship with customers, and we strive to achieve that with every interaction.

Attention to Detail

Our craftsmen don't cut corners when it comes to building furniture. All swings are standard with a 3/16" welded chain, rated at 800 pounds per side. Each glider is designed with 16 ball bearings and assembled under tension, making a very rigid suspension system.

Outdoor Living

There are numerous benefits to spending more time outdoors, and a backyard, patio, or porch area furnished with beautiful and durable wood furniture will act as incentive to choose nature as your entertainment system.

Hand-Selected Wood

We only use select grade, micro-pressure treated, kiln-dried yellow pine. Lumber is air-dried for five to six months to minimize shrinkage, warping, and checking. Lumber is hand-selected for maximum structural strength and beauty.

Made in the USA

LuxCraft products are made right here in America (Ohio to be exact) by skilled craftsmen in our 56,000-square-foot shop. Each product is handcrafted and inspected before it's allowed to leave the shop.

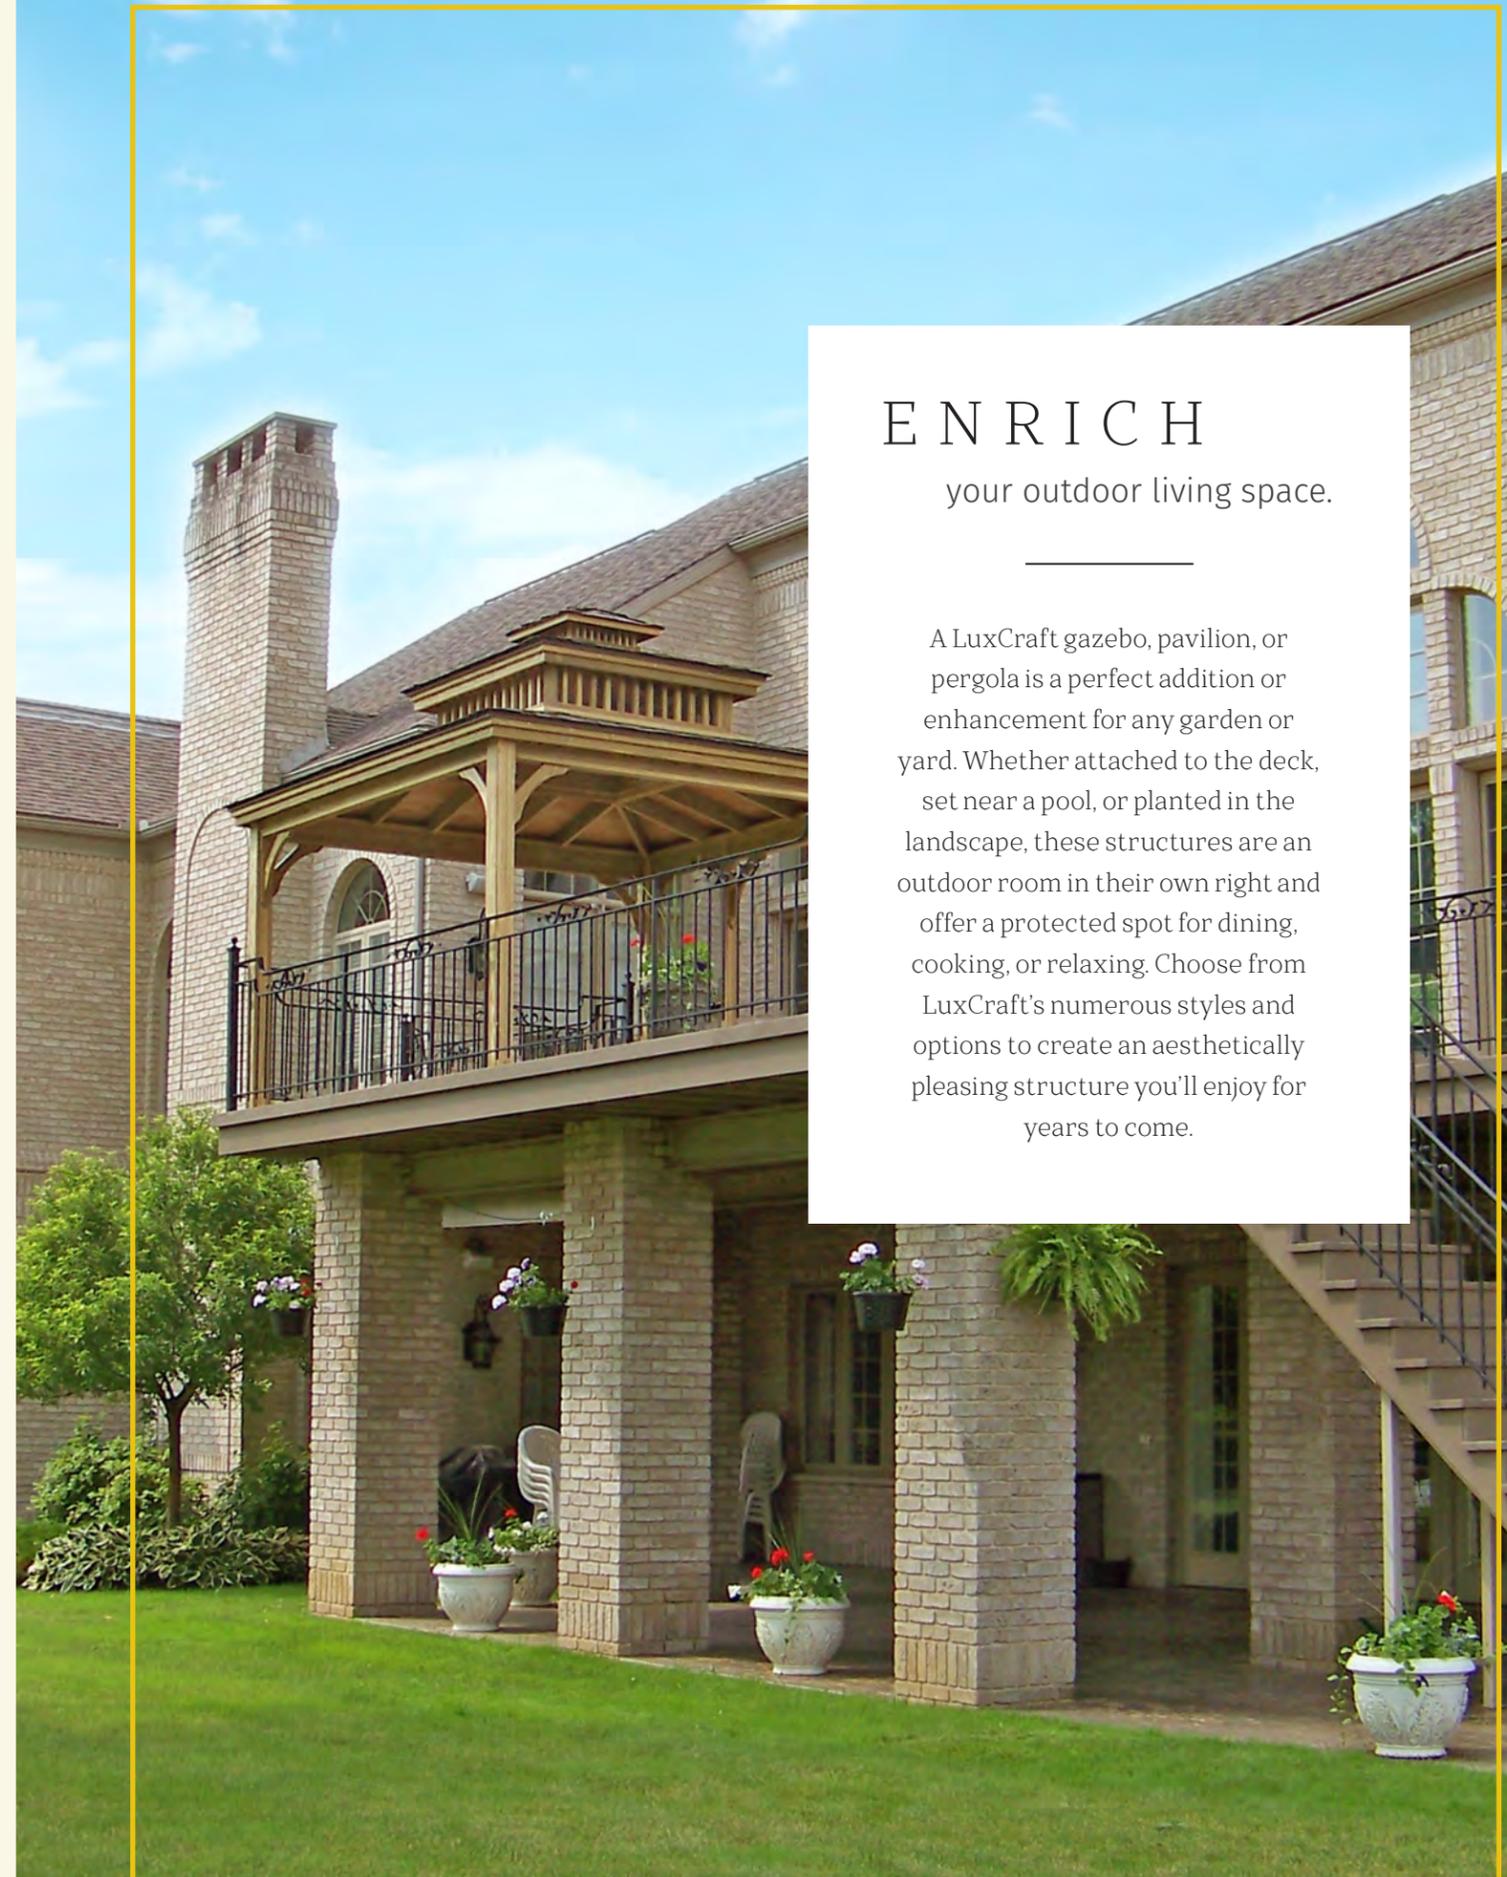

Immediate Availability

With 120,000 square feet of warehouse space, we stock over 30,000 items for immediate pickup or shipment year round. Time is precious; why spend it waiting? At LuxCraft, we work hard to anticipate what you need before you need it.

ENRICH

your outdoor living space.

A LuxCraft gazebo, pavilion, or pergola is a perfect addition or enhancement for any garden or yard. Whether attached to the deck, set near a pool, or planted in the landscape, these structures are an outdoor room in their own right and offer a protected spot for dining, cooking, or relaxing. Choose from LuxCraft's numerous styles and options to create an aesthetically pleasing structure you'll enjoy for years to come.

Plain

Simple. Elegant. Beautiful. These words describe our Plain collection, making it a perfect complement for a wide array of outdoor living spaces. Whether you live in a mid-century Colonial home or an Arts & Crafts bungalow, these chairs, benches, and swings will serve as perfect places for entertaining your guests. As reference, 4' pieces seat two comfortably, with room to spare.

Cutout Heart

Add a loving touch wherever our Cutout Heart Swings are placed. They're the perfect place to settle in for story time with the grandchildren, for stargazing under a warm blanket, or for an afternoon of iced tea and good conversation with a cherished friend. And they show equally well on your patio or out in the yard.
